The Conference of the United Brethren Church for 1906 will be held in the Presbyterian church, this City. Heretofore the name of this Conference has been known as the Cumberland, but at the Conference, held last week, the name was changed to Columbia Conference. Bishop Carter will return to this place in the month of January at which time he will take steps to put up a church building. The annual Conference will be held in the month of October.

The Kentucky Anti-Saloon League was represented in Columbia last Monday night by Rev. H. E. Cleaton, who addressed a good audience at the court house. This organization is doing a grand work, the object being to put saloon men and boot leggers out of business. Mr. Cleaton is a strong, forcible speaker and has his whole soul in the work. All he said here was endorsed by the many who heard him.

A report is in circulation here that Dode Dowell, of Metcalfe county, cut his wife's throat last Thursday night. We have endeavored to learn the particulars but have failed up to this writing. This much we have heard: Dode went home intoxicated and a quarrel followed between him and his wife, and finally Mrs. Dowell left her home for that of a neighbor. She was overtaken by her husband and slashed across the throat with a knife. It is said that Dowell is in hiding and that officers are on the watch.

Bishop T. C. Carter, of Chattanooga, Tenn., preached an able sermon at the Methodist church last Wednesday night. Friday night following, an interesting address on Sunday School work was delivered at the same church by Col. Robert Cowden, of Dayton, Ohio. These gentlemen belong to the United Brethren Church and are strong men. It is thought that Columbia will be selected for holding their annual Conference for 1906, as many of our citizens favor it. The Conference for this year was held in the South Western portion of the county, and closed last Sunday. Bishop Carter also wants to establish a Church and erect a building in Columbia.

Last Saturday Mr. S. D. Crenshaw, our Veterinary Surgeon, cut a tumor that weighed 14 pounds, out of a mule's side. At this writing the mule is hearty and recovering rapidly. Mr. Crenshaw knows his business, and is prepared to successfully attend to the ailments of stock where veterinary work is necessary. The crowded condition of his stables and the many animals treated within the last 12 months is sufficient evidence that the people of this part of the State appreciate his valuable services and it further shows that a humane feeling for stock is rapidly extending. If a person gets sick a doctor is called, if a leg or arm is dislocated it has immediate attention, so likewise a good horse or a faithful mule should have treatment to relieve trouble.

Rollin Browning and H. T. Baker will appear before the Federal grand jury, Louisville, this week. The Government is working on the suspicious doings of Mike Grant, who carried the mail, some time ago, from this place to Creelsboro. One morning he was given a heavy sack of papers and documents, and he accepted it very reluctantly, saying it was too heavy. A few days thereafter the mail was found emptied on the ground, near Columbia.

E. B. Long, Deputy United States Marshal, landed Robert York, Hiram Marcum and Luke Wright in jail here last Saturday night. The men are charged with passing counterfeit money, and were held by the Commissioner at Albany in the sum of \$2,000 each. All three of the men live in Clinton county, as we understand, and have been shoving bogus money for some time. They were conveyed from here to Louisville.

The most popular hotel in Louisville is the Fifth Avenue, conducted by Mr. Pike Campbell, who has been in the hotel business for years. His clerks are gentlemanly and know how to make guests feel at home. The rooms are elegantly furnished and the table at all times is supplied with the best the market affords. The people of Adair, Russell, Green, Taylor and Casey make their homes at this hotel when in the city and upon their return home are loud in their praise of the manner in which they were treated. Stop at the Fifth Avenue and you will be pleased.

One of the pleasant events of last week in a social way was an affair tendered R. R. Sheffield at the home of Mrs. Judge Stone. About twenty-five of the friends of Mr. Sheffield were present. Features of the occasion were singing by Miss Depp, of Glasgow, and piano selections by Miss Baugh, after which refreshments were served and altogether a very enjoyable evening was spent. Mr. Sheffield left for Philadelphia, where he will enter the Law Department of the University of Pennsylvania. He has been associated in the oil business in this field for the last two years and while here has made a host of friends who regret his departure. —Monticello Outlook.

Early frost and early Winter are predicted on all hands, and the thick corn shucks and various other signs are already being pointed to as favoring a severe cold season. Speculation on the future weather is a prerogative of man that he could ill afford to lose, and has been an interesting topic of conversation since Adam confided to Eve, among the palm and fig trees of Eden, that he thought there would be falling weather soon. And there was. Eve fell and then took a fall out of Adam after which they both had a falling out with the powers that were.

## LAKEVIEW, TEXAS

Crops are fine in this part of the Pan Handle.

Land is selling at \$8 to \$15 per acre—a good investment for farmers.

Cotton will make one-half bale per acre and will bring at the present market price 10½ cents.

Milo Maize and Kaffir corn are very fine. Everybody has plenty of feed and are needing help to gather it.

Wages for farm hands are from \$25 to \$80 per month. Cotton pickers get from 85 cents to \$1.00 per hundred for picking.

This is not altogether a farming country, and is very sparsely settled, but since I came here, about a year ago, there has been several new dwellings erected in this immediate neighborhood. Also one new store building and cotton gin in Lakeview. The cattle men are moving father Westward and the farmers are moving in. The prairie that was once the habitation of the buffalo and Texas cattle will soon be in cultivation.
